THE MANAGEMENT OF INCOME BUDGET AND REVENUE VILLAGE
EXPENDITURE (APBDesa)**

(In Pandansari Village, Senduro District, Lumajang Regency)

ABSTRACT

The purpose of this study is to find out how village government transparency is in managing village income and expenditure budgets and how village governments are accountable for managing village income and expenditure budgets in Pandansari Village, Senduro District. This type of research is a descriptive study using a qualitative approach. The results showed that the Pandansari Village Government in Senduro District, Lumajang Regency had implemented transparency and accountability in managing the Village Revenue and Expenditure Budget and was also adjusted to Permendagri No. 113 of 2014. The management of the Village Revenue and Expenditure Budget had gone well, by involving the community to village activity budget planning process. Even though there are obstacles in managing the application, the government of the village government still receives guidance from the sub-district government. The limitation in this study is that researchers only conducted research in Pandansari Village, Senduro District. It is hoped that further researchers can expand their research so that they can compare the application of transparency and accountability in other villages.
