

ABSTRAK

Penelitian ini bertujuan untuk menganalisis perbandingan kinerja keuangan melalui *Current ratio*, *Debt To Total Assets Ratio*, dan *Return On Equity* terhadap laporan keuangan dan laba rugi periode 2018-2021. Metode yang digunakan adalah metode penelitian kuantitatif dengan pendekatan asosiatif. Penelitian ini menemukan bahwa tidak terdapat perbedaan yang signifikan antara *Current ratio* dan *Debt To Total Assets Ratio*, namun terdapat perbedaan yang signifikan pada *Return On Equity*.

Kata Kunci : *Current ratio, Debt To Total Assets Ratio, Return On Equity*

ABSTRACT

This study seeks to analyze the comparison of financial performance through the Current ratio, Debt To Total Assets Ratio, and Return On Equity to the financial statements and profit and loss for the period 2018-2021. The method used was a quantitative research method with an associative approach. This study found that there is no significant difference between the Current ratio and the Debt To Total Assets Ratio, but there is a significant difference in Return On Equity.

Keyword: *Current ratio, Debt To Total Assets Ratio, Return On Equity*
