Kata Kunci : Prosedur Pemberian Kredit, Pengendalian Internal

ABSTRACT

The internal control system aims to maintain the security of the property of the organization, check the accuracy and reliability of accounting data, encourage work efficiency, and encourage compliance with management policies. The "Menak Koncar" Employee Cooperative internal control system has been carried out well seen from the credit granting form, the system of authority and procedures for granting credit, healthy practices and the level of employee competency in accordance with the responsibilities carried out in lending. The procedure for implementing credit granting from submission to repayment of loans is an easy or simple procedure for members and prospective members. There is no guarantee that is included to anticipate the cost of losses if the borrower does not pay off his obligations. the process of granting credit for credit application requirements needs to be guaranteed to anticipate the cost of losses if the borrower does not pay off his obligations in order to cover all risks to the credit default.
